Small Group (15-20 min)	9:00- 9:15	During this time, a small group of children meet with an adult to experiment with materials, try out new skills, and solve problems. Adults develop a small-group activity based on children's interests and particular skills, materials, or content areas that suit children's developmental learning needs. Though the adult plans the activity and sets it in motion, children make choices about how to use the materials and freely communicate their ideas.	One teacher will work with a group of 10 children using a small group activity that is based on children's interest and allows the teacher to teach the Pre-K Guidelines through the activity. The children are asked to use the materials and are given some guidance with the materials and the children are allowed to explore and the teacher scaffolds the child's learning to assist them in learning a skill that has been identified by the teacher.	Parent and child will connect by calling in on a zoom call or you tube with the teacher regarding the small group activity. Parent will have the materials ready for the small group activity. The teacher will share a introduction to the activity and the model the activity. The teacher will then ask the child to work on doing the activity on their own and then ask the child to share their outcome through a picture or video of their learning.

# Daily Schedule (3 OF 6)

Lesson Activity	Time	Purpose	In The Classroom	Remote/Home
Work Time (50-75 min)	9:15- 10:15	This period includes 3 distinct activities.  1) Plan: A 10- to 15-minute period during which children plan what they want to do during work time (the area to visit, materials to use, and friends to play with);  2) Do: A 40- to 60-minute work time minimum for children to carry out their plans (or shift to new activities that interest them);  3) Review: 10- to 15-minute period for reviewing and recalling with an adult and other children what they've done and learned.	The teacher takes 10 students to support planning and the assistant teacher takes 10 students to support planning. Once all the children have made a plan for their work time, the teacher and assistant teacher follows the children into the areas they are working in and works alongside them until they are invited in and then they work to scaffold their work while talking to the children about what they are doing. The teacher follows the children's lead while working alongside. The work time is at least 40 min and at the end of the work time, the teacher and assistant teacher signals for the children to clean up and then they all come back together so they can review what they did and learned.	The adult will plan with their child what they would like to do during their work time.  This could be Art, manipulatives, blocks, library (books), house materials (pots, pans, clothing, manipulatives, dress up clothing, etc.).  Once the child has made a plan for work time, they start work time.  Parent will support the child by working along side the child. The parent will follow the child's lead while they are playing. Once the child has had time to work, 30 to 40 minutes, it is time to clean up together. Once they cleaning is complete, then it is time to come back together and review what they did and learned.
