Definitions

Administrator	A person in charge of the Center, including Director, Assistant Director, and Extended Day Coordinator.
Adult-Child Ratio	The number of adults compared to the number of children being supervised.
Child Protective Services (CPS)	A division of DFPS that is responsible for investigating reports of abuse and neglect of children.
COSA	City of San Antonio.
Center	Short for Education Center, one of Pre-K 4 SA's model schools.
Department of Family and Protective Services (DFPS)	The state agency responsible for protecting children and vulnerable adults from abuse, neglect, and exploitation.
Director/Assistant Director	Each Center is operated by a Director and an Assistant Director. Similar to a school principal and Assistant Principal
Extended Day	The instructional period from 3:00-6:00 p.m.
TX Dept of Health and Human Services (HHS)	The state agency that sets policies and requirements for childcare centers.
HighScope	The curriculum used by Pre-K 4 SA.
Instructional Staff	Any staff member responsible for providing any type of instructional service to children.
Licensing	Child Care Licensing (CCL), a division of HHS.
NAEYC	National Association for the Education of Young Children.
Parent/Guardian	A person with legal authority to make decisions on behalf of a child.
ProCare	The software system used for daily check-in and check-out.
Staff	Any employee of Pre-K 4 SA.
Teacher	Any Education Center staff member serving in an instructional capacity, including Master Teacher/Teacher, Assistant Teacher, Teacher Aid, and Substitutes.

Program Mission and Philosophy

Vision: Pre-K 4 SA will develop a highly-skilled workforce in one generation through high-quality early childhood education for all children in San Antonio.

Mission: The mission of Pre-K 4 SA is to establish a positive educational and workforce trajectory through a comprehensive, high-quality early learning initiative that benefits all 4-year-olds in San Antonio.

- Four Pre-K centers serve as models of high-quality early childhood education and incubators of innovation.
- A comprehensive professional learning program increases the number of highly skilled early childhood educators in San Antonio.
- Culturally responsive family outreach and engagement model builds on the strengths of families and communities, engages families as teachers of their children, and equips families to serve as educational advocates for their children.
- Integrated, play-based curriculum addresses the mind, body, and spirit of young children.
- Empirical research identifies effective approaches and innovations worthy of replication.
- Competitive grants support the development of high quality, well-aligned Pre-K-3 programs throughout San Antonio.

We believe...

Beliefs in Action

...every child deserves a high-quality education

We lead San Antonio's effort to provide high quality early childhood education to every child.

...the most effective approach to education engages the mind, body, and spirit.

We model best practice by utilizing a holistic approach to education that fully engages the mind, body, and spirit.

...families are the first and most important teachers of their children

We actively and intentionally engage and support families as the most important teachers and advocates for their children.

...education transcends the walls of the school

We actively work beyond the walls of the school to learn from and with the community.

...early childhood education benefits every segment of the community

We document and promote the benefits of early childhood education to the community at large and set children on a positive trajectory for lifelong success.

Commitment to Collaboration

Pre-K 4 SA promotes positive relationships among all children and adults. We encourage each child's sense of individual worth and belonging as part of a community, and we foster each child's ability to contribute as a responsible community member. In order to build a strong academic and social foundation for the children, Pre-K 4 SA asks for the following commitment from children, families, teachers, and administrators.

The Child:

- will be friendly and safe with others and self;
- will solve problems in collaboration with others;
- will grow and learn through play every day.

The Family:

- will bring the child to school by 7:45 a.m. each day;
- will pick up the child promptly at the end of the day;
- will ensure the child attends school each day unless the child is ill;
- will communicate regularly with the teacher, including sharing information about changes in the child's life outside of school;
- will work collaboratively with teachers and staff to support the child's social, emotional, physical, and cognitive development;
- will ask questions and share concerns with the teacher or parent liaison before requesting the school administrator to intervene;
- will attend two parent-teacher conferences throughout the year;
- will support the school community through active engagement in events such as garden days, parent education classes, community explorations, and school-sponsored family events; and
- will follow all school policies and procedures.

Teachers:

- will welcome the child to the classroom each day;
- will create a positive classroom atmosphere;
- will use developmentally appropriate practices to support the child's social, emotional, physical and cognitive development;
- will maximize instructional time to ensure the child gets the most out of each school day;
- will seek parent input to better understand and accommodate the child's individual needs and interests;
- will communicate regularly with the family about the child's progress and what the child is learning in the classroom;
- will share any concerns about changes in the child's demeanor or behavior;

- will actively engage the family in resolving any difficulties that may arise;
- will provide opportunities for families to be actively engaged in the learning environment;
- will follow all school policies and procedures.

Administration:

- will provide a safe, nurturing, and educational environment for all children.
- will ensure the school's focus is on developmentally appropriate practice to support the children's social, emotional, physical and cognitive development;
- will ensure the needs of the children are prioritized over the needs of adults;
- will support families in being advocates for their children's education;
- will provide opportunities for families to be actively engaged in the learning environment;
- will enforce school policies and procedures;
- will meet with children to resolve difficulties that may arise;
- will determine disciplinary actions when necessary; and
- will work with families to resolve concerns.

Standards and Accreditation

National Standards

All Pre-K 4 SA Centers have attained accreditation through the National Association for the Education of Young Children (NAEYC), which sets the highest standards for early childhood education programs. Pre-K 4 SA Education Centers adhere to NAEYC standards and all staff is expected to uphold these standards. For more information, please visit <http://families.naeyc.org>.

NAEYC Standard 1: Relationships

Pre-K 4 SA promotes positive relationships among all children and adults. Pre-K 4 SA encourages each child's sense of individual worth and belonging as part of a community and fosters each child's ability to contribute as a responsible community member.

NAEYC Standard 2: Curriculum

Pre-K 4 SA implements a curriculum that is consistent with its goals for children. We promote learning and development in each of the following areas: social, emotional, physical, language, and cognitive.

NAEYC Standard 3: Teaching

Pre-K 4 SA uses developmentally, culturally, and linguistically appropriate and effective teaching approaches that enhance each child's learning and development in the context of the curriculum goals.

NAEYC Standard 4: Assessment of Child Progress

Pre-K 4 SA is informed by ongoing systematic, formal, and informal assessment approaches to provide information on children's learning and development. These assessments occur within the context of reciprocal communications with families and with sensitivity to the cultural contexts in which children develop.

NAEYC Standard 5: Health

Pre-K 4 SA promotes the nutrition and health of children and protects children and staff from illness and injury. Children must be healthy and safe in order to learn and grow. Programs must be healthy and safe to support children's healthy development.

NAEYC Standard 6: Teachers

Pre-K 4 SA employs and supports a teaching staff with the educational qualifications, knowledge and professional commitment necessary to promote children's learning and development and to support children's healthy development.

NAEYC Standard 7: Families

Pre-K 4 SA establishes and maintains collaborative relationships with each child's family to foster children's development in all settings. These relationships are sensitive to family composition, language, and culture. To support children's optimal learning and development, programs need to establish relationships with families based on mutual trust and respect,

involve families in their children's educational growth and encourage families to fully participate in the program.

NAEYC Standard 8: Community Relationships

Pre-K 4 SA establishes relationships with and uses the resources of the children's communities to support the achievement of program goals. Relationships with agencies and institutions in the community can help a program achieve its goals and connect families with resources that support children's healthy development and learning.

NAEYC Standard 9: Physical Environment

Pre-K 4 SA has a safe and healthful environment that provides appropriate and well-maintained indoor and outdoor physical environments. The environment includes facilities, equipment, and materials to facilitate child and staff learning and development. An organized, properly equipped, and well-maintained program environment facilitates the learning, comfort, health, and safety of the children and adults who use the program.

NAEYC Standard 10: Leadership and Management

Pre-K 4 SA effectively implements policies, procedures, and systems that support stable staff and strong personnel, and fiscal, and program management so all children, families, and staff have high-quality experiences. Effective management and operations, knowledgeable leaders, and sensible policies and procedures are essential to building a quality program and maintaining the quality over time.

State Standards

Pre-K 4 SA is committed to ensuring each child receives the highest quality of care and instruction in a safe learning environment. Pre-K 4 SA abides by the *Texas Department of Health and Human Services (HHS)*. A copy of the Texas Department of Family and Protective Minimum Standards and current Licensing Inspections may be viewed at the administrative office of each Pre-K 4 SA Education Center. Pre-K 4 SA will meet or exceed all of the standards set forth by DFPS.

Licensing Contact Information

P.O. Box 23990

Child Abuse Hotline:
1-800-252-5400

Reporting Child Abuse and Neglect

As a licensed childcare center, Pre-K 4 SA is required by state law to notify the Texas Department of Family and Protective Services (DFPS) and/or local law enforcement officials if it appears a child is being neglected or abused or the child has made a verbal outcry. All staff is trained annually in the identification signs and requirements for reporting child abuse and neglect. DFPS may investigate and interview a child while at the Center. The DFPS investigator will determine whether or not a staff member should be present during the interview. The DFPS investigator may determine whether or not parents are notified of the interview. Once there is an open DFPS investigation, Pre-K 4 SA staff will defer all questions to the identified case worker.

Sexual Abuse

The Texas Family Code defines sexual abuse as any sexual conduct harmful to a child's mental, emotional, or physical welfare, as well as a failure to make a reasonable effort to prevent sexual conduct with a child. Staff will look for possible physical and behavioral indicators of sexual abuse. When sexual abuse is suspected or a child makes a verbal outcry, a staff member will immediately contact administration. Pre-K 4 SA's first priority will be to seek any necessary medical help for the child. A report will be filed with the Texas Department of Family and Protective Services when the staff is informed of a child outcry or suspects a child has been sexually abused. Reports of abuse may be made to:

Texas Department of Family and Protective Services
1-800-252-5400

Code of Ethics

- The Pre-K 4 SA Education Centers (Pre-K 4 SA) follow the NAEYC's (National Association for the Education of Young Children) Code of Ethical Conduct as well as The State Board of Education Code of Ethics for Educators
[http://texreg.sos.state.tx.us/public/readtac\\$ext.ViewTAC?tac_view=4&ti=19&pt=7&ch=247&rl=Y](http://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC?tac_view=4&ti=19&pt=7&ch=247&rl=Y)
- The Code of Ethics offers guidelines for responsible behavior and sets forth a common basis for resolving the principal ethical dilemmas encountered in the field of early childhood.

Please refer to the *Code of Ethical Conduct & Statement of Commitment* at:
http://www.naeyc.org/files/naeyc/image/public_policy/Ethics%20Position%20Statement2011_09202013update.pdf

Program Eligibility and Enrollment

Pre-K 4 SA is a specialized prekindergarten program designed to provide students with a strong academic start. The program is funded through a voter-approved 1/8 cent sales tax.

Enrollment at each Pre-K 4 SA Education Center is limited to 500 children annually. Due to COVID-19, enrollment will be limited to 250 children per center during the 2020-21 school year. Families must apply for enrollment. Applications for enrollment are accepted on a first-come, first-served basis without regard to race, religion, color, sex, national origin, or disability.

To be eligible for enrollment in the Pre-K 4 SA program, a child must be four years of age by September 1 of the current school year and live within the city of San Antonio or the Extraterritorial Jurisdiction (ETJ) of San Antonio. Children enrolled in a partner school district are also eligible for enrollment regardless of where the student lives

Ninety percent (90%) of Pre-K 4 SA enrollment is reserved for children who meet one or more criteria for prekindergarten program eligibility as established by the Texas Education Agency (TEA):

- Is eligible for the National Free and Reduced Lunch Program or receives SNAP or TANF or Medicaid benefits; or
- Is unable to speak and comprehend the English language (as determined by district or public school assessment); or
- Is homeless, as defined by the McKinney-Vento Homeless Assistance Act (as determined by district or public school); or
- Is the child of an active duty member of the armed forces of the United States, including the state military forces or a reserve component of the armed forces, who is ordered to active duty by proper authority; or
- Is the child of a member of the armed forces of the United States, including the state military forces or a reserve component of the armed forces, who was injured or killed while serving on active duty; or
- Is or has been in the conservatorship of the Department of Family and Protective Services following an adversary hearing; or
- Star of Texas Award, child of eligible person.

Children who do not meet TEA prekindergarten program eligibility may attend Pre-K 4 SA through the affordable tuition option. Ten percent (10%) of Pre-K 4 SA Education Center enrollment is reserved for children of families with income above 185% of the federal poverty level.

Hours of Operation

Pre-K 4 SA Education Centers are open from 7:15 a.m. – 6:00 p.m., Monday through Friday. The instructional day is 7:45 a.m. – 3:00 p.m. Families may drop off their children as early as 7:20 a.m. and pick up between 2:45 p.m. and 3:00 p.m. An extended day program is offered for children who qualify for extended day. Qualification and hours are based on parents work or school schedule and pick-up time can range from 3:30 p.m. - 6:00 p.m. The Education Center administrative office is open from 7:15 a.m. to 4:00 p.m. The instructional day schedule may be adjusted to ensure a safe drop-off and pick-up process during COVID-19.

School Calendar

The Pre-K 4 SA school calendar is developed with input from families and staff. The calendar for the current year maybe be viewed and downloaded from our website:

<https://prek4sa.com/parents/current-parents/school-calendar/>

Extended Day

The Pre-K 4 SA Extended Day Program is available for families whose work schedule prevents them from picking up their child at the end of the regular instructional day.

In order to qualify for the extended day program, parents and/or guardians are required to adhere to the employment and/or school verification procedures. Qualification is determined based on the documentation submitted. As Pre-K 4 SA is a licensed facility, the 1:10 adult-to-child ratios followed during the instructional day will continue in the extended day program.

To ensure the highest quality of care and to meet licensing regulations, the following guidelines must be followed:

1. The Extended Day Program hours are from 3:00 p.m.-6:00 p.m. Qualification and hours are based on parents work or school schedule and pick-up time can range from 3:30 p.m.-6:00 p.m. Children MUST be picked up on or before their qualifying time. If a child is not picked up on time, a fee will be charged. (\$5.00 for children picked up between 1 and 5 minutes late and a charge of \$1.00 for each

additional minute.) Late fee payments must be made before the child is allowed to continue in the program.

2. All late pickups will be documented by the Extended Day Manager. After the third late pick up, the child will lose the privilege of Extended Day.
3. Children must be signed out through the ProCare app prior to their release.

Please note that while this program is a great opportunity for children, some four-year-olds have difficulty being in school for such an extended amount of time. The Extended Day program cannot meet the needs of children who display behaviors that require one on one support or pose a safety hazard to him/herself or others.

When individualized interventions have been implemented and the child continues to persistently display behaviors that are harmful to self or others, the administrator will contact the parent/ guardian to discuss alternative program options and resources to support the child. The administrator has the final authority to determine whether Pre-K 4 SA can meet the child's needs.

Administration will review and consider each individual case to determine if the Extended Day program may be modified or suspended for children displaying aggressive behaviors that are harmful to self or others.

Submitting an Extended Day Employment Verification Form

- In order for a child to start Extended Day Program on the first day of school, Employment Verification Form(s) must be completed and approved no later than the Wednesday prior to the first day of school.
- If employment or school situation changes, parents may obtain a new form [here](#) or from the Education Center.

Schedule Verification

Staff will verify employment at least twice during the school year.

- Staff may contact the parent's employer or school to confirm the schedule.
- To accommodate schedule changes, parents should submit a new *Extended Day Employment Verification form*.
- If staff is unable to verify a parent's schedule, the child may be ineligible for the Extended Day Program.

School Supply List

Pre-K 4 SA children need to bring the following: (All items listed below should be labeled with the child's first and last name.)

- A complete set of change of clothes including socks and underwear in a Ziploc bag. (Each item should be labeled on the inside with the child's first and last names).

Due to COVID-19 sanitation requirements, children are not permitted to bring other items, including backpacks. Pre-K 4 SA will provide all other supplies including a nap blanket and water bottle for each child.

Toys from Home

Pre-K 4 SA understands that children may form a special bond and attachment to certain toys and items. In order to prevent a special toy or item from being lost or broken, children are encouraged to keep these items at home. Due to COVID-19 sanitation requirements, toys brought from home are not permitted in the classroom.

Lost and Found

All personal child items should be labeled with the child's first and last name (for example, jackets, sweaters, coats, gloves, etc.) Children who have lost articles should inquire in the school office where the Lost and Found is kept. Items not claimed from Lost-and-Found at the end of the school year will be given to a charitable organization.

Student Dress Code

Children should be dressed and groomed in a manner appropriate for learning and playing.

Appropriate dress includes: jeans, shorts, t-shirts, and tennis shoes/sneakers.

Parents/guardians are encouraged to dress children in clothing appropriate for play as the children will participate in painting/messy art activities and outdoor play.

Inappropriate dress includes, but is not limited to: see-through clothing, tank-tops, tops that are low cut or do not cover the mid-drift, gang-related clothing, clothing advertising or depicting tobacco products, alcoholic beverages, drugs or offensive/obscene language or pictures.

Ripped or torn clothing is not allowed. Children should not wear sandals, flip-flops, roller shoes, child-size heels, or dressy shoes, as these types of shoes do not provide protection and could be a safety hazard.

For safety purposes, we ask that children not wear necklaces and rings. Children may wear stud earrings. Dangling or hoop earrings could pose safety hazards.

Temporary tattoos are not allowed. Unconventional hairstyles such as multi-colored, rat-tail or Mohawk-like style are not permitted as they can be a distraction to young children.

The Education Center Director makes the final determination of appropriate dress.

Tuition

Children who do not meet TEA prekindergarten program eligibility may attend Pre-K 4 SA through the affordable sliding-scale tuition option.

Payment Plans

Tuition is due on the 25th of every month. Parents will select a payment plan during their registration appointment and must follow the tuition guidelines:

Tuition is charged based on the signed *Pre-K 4 SA Tuition Agreement* which allows for the following options:

1. Payment in Full: A single payment due in full on the Friday prior to the start of the school year. Students making use of this plan are eligible for a 5% discount.
2. Monthly Payments*: The initial payment is due prior to the child's first day and the remaining payments due the 25th of each month through May.

*Parents utilizing the monthly payment plans may submit advanced payments at any time.

Alternate Plans

Any deviation from the approved payment plans requires approval in writing of the Program's CEO or Designee.

Payment Methods

The following methods of payment are acceptable:

1. Credit Cards: Credit card payments are accepted online through the tuition payment portal on the Pre-K 4 SA website:
<https://prek4sa.com/parents/current-parents/tuition-payments/>.
2. Checks and Money Orders: Pre-K 4 SA also accepts checks and money orders. Checks should be made payable to "City of San Antonio". Payments should be mailed to the City of San Antonio at Revenue Collections, PO Box 839975, San Antonio, Texas 78283-3975
3. Cash payments are not an acceptable form of payment.

Due to COVID-19, tuition payments are not taken inside the Center. Families are strongly encouraged to pay tuition online or through the mail. If an in-person payment is necessary, please contact the Center Director to make arrangements for curbside drop-off.

Temporary and Unusual Circumstances

If temporary or unusual circumstances create a financial hardship for a tuition paying family which may result in a late payment, the family should complete a [Request for Late Payment](#) form and submit the completed form to the Center prior to the payment due date in order to avoid any late fees. This option is limited to one instance per family per school year.

Non-Sufficient Checks

Non-Sufficient Funds Checks will result in a \$30 reprocessing fee. Upon receipt of a second NSF check, the program may require that all future payments be provided in the form of a cashier's check, money order, or credit card. NSF Checks must be paid within 10 business days to avoid the account from being referred to the District Attorney's office.

Late Fees and "Hold-Out Status"

If a family fails to submit tuition fees within five business days of the tuition payment deadline, without notifying Pre-K 4 SA of temporary or unusual circumstances, the Program will assess a \$25 late charge. As a result, the program will also notify the family of the potential for "Hold-Out Status." With this designation, Pre-K 4 SA may declare a student unable to attend classes beginning the following week until the account is made current. While on "Hold-out Status", Pre-K 4 SA considers the student to be withdrawn and may fill the vacancy accordingly. In order to re-enroll, the account must be brought up to date and the family must await an enrollment opening at the chosen Center.

Tuition Refunds

- Request Submission: In the event of a change in household size or change in income, family should obtain a "Tuition Revision Request" and submit to the Center Director or designee. Documentation of applicable changes must be provided to the Center Director or Designee before any request will be considered.
- Request Approval: Upon approval of the request, a revised tuition amount will be calculated and prorated from the date of the change. The Center Director will then notify the Program's Fiscal Administrator to adjust any fees and payment plans.
- Invoice and Tuition Revision, and Payment Refunds: If necessary, revised invoices and/or statements will be mailed to the parent/guardian at the completion of the

request. In the event that a request is processed and approved after full payment is received, an amount due (refund) to the parents/guardians will be calculated and sent to the parent/guardian via check. In the event the parent/guardian has another eligible child that has been accepted for the following school year, the parents/guardians may elect to apply any amounts due to the parent/guardian to the subsequent school years tuition.

Attendance Policies & Procedures

Regular attendance is essential for the success of children at all levels from prekindergarten throughout higher education. Good attendance leads to better grades, fewer discipline problems, and an increased chance the child will graduate from high school. Children who have good attendance beginning in prekindergarten are also more likely to go to college.

Prekindergarten students who attend school each day quickly learn classroom routines and develop healthy friendships and social skills. Frequent tardiness and absences interfere with a child's ability to adjust to school and often lead to frustration and behavior problems.

Pre-K 4 SA supports families in establishing good attendance habits through:

- Requiring daily on-time attendance as a condition of program enrollment;
- Offering free transportation to and from school;
- Offering free before school care from 7:20 a.m.-7:45 a.m.;
- Offering Extended Day from 3:00 p.m.-6:00 p.m. for eligible families
- Having parent Liaisons on staff to help family's problem solve attendance issues. Daily on-time attendance means the child is in the classroom by 7:45 a.m. each day.
- Late arrivals and early pick-up disrupt the learning environment. Parents will not be permitted to drop off children after 9:00 a.m. without a doctor's note.

Compulsory Attendance

The Texas compulsory attendance law [TEC §25.085(c)], applies to children who are enrolled at Pre-K 4 SA. Under this law, parent(s) and legal guardian(s) are required to ensure the child's regular attendance in school. Compulsory attendance applies to both in-person and remote learning.

Pre-K 4 SA and the local school district are required to monitor attendance and take action when a child has excessive absences or tardiness. Actions may include sending a warning letter, requesting a parent conference, and/or providing parent-truancy courses.

Pre-K 4 SA is a specialized program subsidized by the citizens of San Antonio to provide children with a strong academic start. Enrollment in the program is limited. Regular attendance is required as a condition of enrollment. After 10 unexcused absences, the child may lose eligibility to attend the Pre-K 4 SA program and will be withdrawn. The parent/guardian must contact the school district if the parent would like the child to continue in the district's regular prekindergarten program.

Excused Absences

Pre-K 4 SA requires parents/guardians to ensure children attend school each day the child is well enough to do so. If a child is absent, parents/guardians should contact the Education Center administrative office by 9 a.m. on the day of the absence. A written note or email explaining the reason for the absence is required upon a child's return to school. All notes must be received within 48 hours of the absence in order to be considered excused.

The note must include the following information:

- Date of absence
- Reason for absence
- Child's first and last name
- Teacher's name
- Parent/guardian signature

Absences of 2 days or more require a note from a doctor.

Patterns of Absence and Extenuating Circumstances

Pre-K 4 SA staff will collaborate with parents/guardians to create an individualized attendance improvement plan if a pattern of absences or tardiness or early pick up is established. The individualized attendance improvement plan will include goals agreed upon by both the Pre-K 4 SA staff and the parent/guardian. The Education Center Director may require a physician or clinic statement of illness for each absence as a condition of this plan.

Because Pre-K 4 SA is a specialized program with limited enrollment and high demand, after 10 unexcused absences, the child may lose eligibility to attend the Pre-K 4 SA program and will be withdrawn. The parent/guardian must contact the school district if the parent would like the child to continue in the district's regular prekindergarten program.

Pre-K 4 SA Daily Attendance Procedures

- A child is marked “tardy” if the child is not in the classroom by 7:45 a.m. Children arriving after 7:45 a.m. will be signed in by parent at the front desk. Pre-K 4 SA staff will escort the child to the classroom.
- If a child needs to be picked up early, parents are asked to pick up before 2:30 p.m. The child will be signed out at the front desk and a staff member will bring the child to the parent in the lobby.
- A designated Pre-K 4 SA staff member from each Education Center will contact the parent/ guardian of absent children before 9:00 a.m., providing parents/guardians sufficient time to transport children to the campus prior to the attendance deadline.
- Teachers post daily attendance using TxEIS system at 9:00 a.m. Any child arriving after 9:00 a.m. is considered absent for the day unless the parent provides documentation that the child was at a medical appointment.

Please note: Start and end times may be adjusted to ensure a safe drop-off and pick-up process during COVID-19.

Daily Child Sign-In/Sign-Out Procedures

Pre-K 4 SA uses ProCare software system to manage drop-off and pick-up. Parents/guardians are required to designate, in ProCare, all persons authorized to pick up their children. ProCare will assign a unique PIN for each person authorized to pick up the child. The PIN will allow the person to sign into ProCare. The parent is responsible for ensuring the authorized person has the ProCare app and PIN. The person picking up the child must sign into ProCare to generate a secure QR code before the child will be released. **Instructional staff is prohibited from releasing a child without scanning a valid QR code from the Pre-K 4 SA device to the device of the person picking up the child.**

Daily Sign-In/Sign-Out Procedures:

- Pre-K 4 SA staff will greet children and parents/guardians outside at the drop-off point or at the bus depot.
- Children will be screened for COVID-19 symptoms every day upon arrival. The teacher supervising drop off will wear gloves, a face shield and a mask. Pre-K 4 SA staff will scan temperature of each child and verify that parent/guardian has completed the screening questionnaire in ProCare. Children will not be allowed to enter the Education Center if they have any of the following symptoms or criteria:
 - Cough
 - Shortness of breath or difficulty breathing
 - Chills
 - Repeated shaking with chill
 - Muscle pain

- Headache
- Sore throat
- Loss of taste or smell
- Diarrhea
- Fever of 99.6 degrees or higher
- In the previous 14 days has had contact with someone with a confirmed diagnosis of COVID-19; is under investigation for COVID-19; or is ill with respiratory illness
- In the previous 14 days has travelled to an area with widespread, sustained community transmission.

Parents may not leave their child until they have been screened. Parents must inform the school of any illnesses prior to drop off. Any child that does not pass screening will need to stay home for at least 72 hours. If the child does not have a lab-confirmed case of COVID-19 at the time of screening, the child can return to the center if they receive two negative COVID-19 tests 72 hours apart. Alternately, the family may implement quarantine protocols by keeping their child home for 14 days, checking temperature twice/day, and following CDC guidance if symptoms develop. If symptoms worsen or they test positive for COVID-19, they must follow all CDC guidance before returning to school.

- Parents/guardians will sign in their child in by using a phone to open the ProCare app, which generates a QR code on a Pre-K 4 SA device. A Pre-K 4 SA staff member will present the QR code and the parent will scan it using a phone. A parent without a phone may sign-in using ProCare on a Pre-K 4 SA device.
- Parents/guardians will sign out in the afternoon following the same procedures.
- If at pick up time, parent cannot sign into ProCare, instructional staff will contact the administrator on duty. The administrator will confirm identity and document the incident.
- A child may only be released to either a parent/guardian or a person authorized by the parent/guardian within the ProCare platform.
- Only an administrator may authorize the release off a child to a person not listed in ProCare. If a parent/guardian calls to authorize the emergency release of a child to a person unknown to Pre-K 4 SA staff, the administrator will verify that the caller is the parent/guardian and inform the parent how to add the person to ProCare. The person picking up the child must sign into ProCare to generate a valid QR code before the child will be released. The parent is responsible for ensuring the authorized person has the ProCare app and PIN to generate the QR code.

If Pre-K 4 SA staff suspect an individual picking up a child is under the influence of drugs or alcohol, immediately notify an administrator. The administrator will conference with the individual and determine the most appropriate action. Local law enforcement and CPS will be contacted, if deemed appropriate. Only law enforcement officers and HHS Child Protective Service staff have the authority to remove a child without permission.

Emergency Contact

Parents must complete the *Emergency Contact Information* on the Pre-K 4 SA Student Profile Sheet at their child's school, which identifies the authorized adults (18 years or older) who are permitted to pick up their child. Parents must also enter information for authorized adults in the ProCare app. It is the responsibility of the parent to update this information to ensure Pre-K 4 SA has the most recent information on file. Phone calls do not serve as authorization for release of your child to an adult not previously designated. Authorized adults must download the ProCare app onto their phones, sign in using a PIN, and scan the QR code presented by staff in order to pick-up/drop off a child.

Emergency contact information will be kept on the buses at all times.

Child Custody

Pre-K 4 SA will remain a neutral safe haven for each child enrolled in our program. Conflict among parents/guardians is often unsettling for a child and can cause stress that disrupts the child's learning.

Parents/guardians should avoid bringing conflict into the school setting. Uncertainty about who will pick up at the end of the day is a common source of stress. To help the child feel secure, parents/guardians should determine who will pick up the child after school each day and communicate this to the child.

The Parents/legal guardians of a child will retain all education rights, including access to records, authorization to pick up, and access to the child at school, unless Pre-K 4 SA has a copy of an active court order (restraining order, court custody agreement, etc.) on file that restricts the education rights of the parent/guardian.

If a court order is in effect for a child enrolled at Pre-K 4 SA, the parent/guardian must provide a copy to Pre-K 4 SA. Once Pre-K 4 SA is in possession of the court order, Pre-K 4 SA will adhere to the terms of who has access to the child and the child's education records.

Pre-K 4 SA does not enforce court orders or monitor visitation periods. If a parent/guardian believes a court order has been violated, this should be reported to the court.

Children after Hours

Young children feel safe when a consistent routine is followed, and they quickly become concerned when parents do not arrive on time to pick them up. Parents/guardians are expected to retrieve their children promptly after school from the Center or from the transportation depot. A child who has not been picked up by a parent/guardian remains the responsibility of Pre-K 4 SA staff until signed-out by a parent or guardian. If all attempts to reach the parent and emergency contacts have failed, and a child is still in the care of the Pre-K 4 SA staff at 6:00 p.m., the Department of Family and Protective Services and/or the San Antonio Police Department will be contacted.

End of Regular Day

If a non-extended day child remains in the classroom at the end of the dismissal period, the Master Teacher/Teacher will call parent/guardian. The teacher will take the child to the designated late pick-up area and inform the staff member on duty when the parent/guardian is expected. If the Master Teacher/Teacher is unable to reach the parent/guardian, the Master Teacher/Teacher will inform the front office. If there is no response from the child's parent/guardian or designated pick-up individuals by 3:30 p.m., Center administrators will coordinate an immediate home visit to seek the responsible adults. If during the home visit no contact is made with the parents/guardians or designated adults, Administration will contact SAPD.

Bus Depot

If a parent/guardian is NOT present at the Transportation Depot within ten minutes of the bus arriving at the depot, the staff member supervising children on the bus will call the parent/guardian to inform the parent/guardian that the bus is returning to the Center. The bus will return the child and supervising staff to the Center. Upon return to the Center, supervising staff will take the child to the front office and inform a Center administrator.

Extended Day

If a child is not picked up at the end of Extended Day, the Extended Day Coordinator and an additional staff member will stay with the child. The Extended Day Coordinator will inform Center Administration if a child has not been picked-up by 6:00 p.m. If the Extended Day Coordinator has not successfully reached the parent/guardian or authorized pick-up by 6:15 p.m., the Administrator will coordinate an immediate home visit. SAPD and/or DFPS may be called pending the result of the home visit. Pre-K 4 SA staff is not permitted to transport children in private vehicles.

Withdrawal from Pre-K 4 SA

Pre-K 4 SA makes every effort to help keep children enrolled in the program for the entire school year. Families that intend to withdraw their child from the program should inform the school office staff in person or through email. The Education Center Director will review the request and contact the family to discuss to whether there are options that would allow the child to continue enrollment. If the family moves out of the San Antonio city limits or Extra Territorial Jurisdiction; the child will no longer be eligible for the Pre-K 4 SA program.

Child Records

During the time children are being cared for, events may occur that require access to student information to protect the child. Parents must maintain current personal and contact information in the ProCare system.

All student records are immediately accessible to staff members during hours of operation for use in an emergency. Parents have the right to have access their child's records. Children's records are subject to review and/or reproduction by Texas Department of Family and Protective Services.

Texas law specifies that certain general information about children is considered "Directory information" and will be released to anyone who follows procedures for requesting it. This information includes:

- A child's name, address, telephone number, and date and place of birth
- The child's dates of attendance, grade level, and enrollment status

Parents may object to the release of any or all Directory information for their child. Parents must submit this objection in writing to the Director within 10 school days of the child's first day of school.

Virtually all information pertaining to child performance, including child progress, assessments, and disciplinary records, is considered confidential educational records. Release is restricted to:

- The parents—whether married, separated or divorced—unless parental rights have been legally terminated. In such a case, the school should be given a copy, in which an official stamp/seal is clear, of the court order terminating these rights or the right to access a child's educational records.
- School officials who have what federal law defines as a "legitimate educational interest" in the child's records. School officials include:
 - trustees and the Pre-K 4 SA CEO
 - the Director, teachers, counselors, diagnosticians, and support staff
 - a person or company with whom the Center contracts or allows to provide a particular service or function (such as attorney, consultant, auditor, medical consultant, therapist or volunteer)
 - a parent serving on a school committee

"Legitimate educational interests" in a child's records includes: working with a child, considering disciplinary or academic actions, creating/reviewing an individualized education program for a child with disabilities, compiling statistical data, reviewing an education record to fulfill the official's professional responsibility, or investigating/evaluating programs.

- Various governmental agencies or in response to a subpoena or court order.
- A school to which a child transfers to or in which he or she is already enrolled.

Confidentiality

Pre-K 4 SA recognizes the importance of confidentiality. At no time will Pre-K 4 SA share a family's information with an unauthorized individual. Parents must sign a release of confidentiality in order for Pre-K 4 SA staff to share information with any outside person or agency that does not have the legal right to view such records.

Pre-K 4 SA will aim to protect family's information by:

- Securing confidential documents in a locked file cabinet
- Reviewing and revising confidential information in a secure space
- Holding sensitive conversations and conferences in a private conference space
- Securely storing electronic records

Permission to Photograph or Videotape

Pre-K 4 SA will have various opportunities to display or demonstrate positive learning experiences for promotional and training purposes. Prior to using a child's pictures, videos and/or voices, parents will provide written permission.

Pre-K 4 SA also uses video to evaluate the quality of instruction in classrooms. This video is reviewed by a third-party evaluator, but is not shared publicly.

Transportation

Bus Procedures

Pre-K 4 SA takes every precaution when transporting children. School busses equipped with the latest safety restraints and integrated seats are utilized. All children must wear a seatbelt at all times while riding on the school bus.

Bus drivers are employed with Star Shuttle and have all required licenses and training. Bus monitors are Pre-K 4 SA staff members who have passed the required background and fingerprinting checks and are certified in CPR and First Aid. A ratio of one adult for at a minimum of every 18 children will be maintained on all bus routes. Pre-K 4 SA is committed to providing continuous adult supervision from the time children are dropped off to the time they are picked up. During the COVID-19 pandemic, no more than 10 children will be allowed on the bus at one time.

A list of the transportation depot locations will be provided to each parent whose child will utilize the transportation service. A bus monitor will be present at each depot and will always ride the bus to and from the Pre-K 4 SA center. Parents are required to wait with their child and sign their child onto the bus. **In order to pick up their child, parents must be present and sign in/out the child using the ProCare app.** If parents are not present at the depot within 10 minutes of the afternoon drop off time, the child will be taken back to the Pre-K 4 SA center for parent pick up.

As per safety regulations, once the bus is in motion, it will not stop to load or unload a child.

Pre-K 4 SA requests that parents who utilize this service make a commitment to having their child ride the bus on a daily basis.

Children will be assigned seats on their designated bus. A seating chart listing children's names and seats will be kept on the bus at all times.

1. If a parent has not picked up their child 10 minutes past arrival time, at least one bus monitor must return with the bus to the center. Call the designated staff member to report the return trip.
2. Call the designated staff member to verify your return to the depot and off duty status.
3. Document the incident appropriately.

Bus Procedures for Parents

A.M. Bus Pick Up/Parent Drop Off

For the safety of the child, parents will be required to sign children in on a daily basis.

The bus will leave the depot promptly at the designated time to ensure children arrive at school before classes begin. Buses travel non-stop, directly from the depot to the Pre-K 4 SA center.

Parents should arrive at the depot with plenty of time to sign the child in and have him/her secured in their seat before departure time. All children will be supervised by a bus monitor until the bus departs.

Due to safety regulations, once the bus is in motion, it will not stop to load or unload a child. If a parent arrives at the depot **after** the bus has departed, the parent will then be responsible for transporting the child to the Pre-K 4 SA center.

P.M. Bus Drop Off/Parent Pick Up

For accountability and safety, children receiving bus services must ride the bus home consistently.

The bus will depart the school between 2:30 p.m. and 2:45 p.m. and arrive at the depot at between 3:05 p.m. – 3:15 P.M. Exact times will be determined according to the individual bus route.

For safety purposes, every parent or authorized adult will be required to use ProCare to sign-out the child each day.

Only adults listed on the Emergency Contact list in ProCare are permitted to pick up the child. The driver/ monitor **cannot release** children to anyone **not listed** in the ProCare app.

It is the responsibility of the parent to arrive at the transportation depot just before or when the bus arrives. If the parent has not arrived within 10 minutes of the bus arrival time, the bus will transport any remaining children back to the center for supervision purposes. It is then the parent's responsibility to pick the child up at the Pre-K 4 SA Center.

Bus Emergency Procedures

Medical Emergency:

Should a medical emergency occur during the route to or from Pre-K 4 SA, staff will:

1. Stop the bus in a safe area.
2. Call 911.

3. Provide First Aid medical assistance until the first responder arrives.
4. Call Center with incident location and provide information of the incident.
5. Contact affected parents/guardians and provide related information.
6. Secure all passengers and remain on the bus.

Accident/Evacuation:

In the unlikely event that the bus is in an accident to or from Pre-K 4SA, staff will:

Bus Driver

1. Call 911.
2. Check for any injuries.
3. Secure the bus and display warning signs.
4. Evacuate the passengers if needed.
5. Account for all passengers.

Bus Monitor

1. Call Center with accident location and report any injuries.
2. Keep open communication with the Center and provide updates as needed.
3. Account for all passengers.

Center Director

1. Keep open communication with the bus monitor.
2. Contact Assistant Director to inform affected parents.
3. Contact Pre-K 4 SA's Chief Operating Officer to report the accident.
4. Dispatch Center representatives to the scene if needed.
5. Notify Child Care licensing if needed.
6. Complete NAEYC 72-Hour Incident Report as necessary.

Assistant Director

1. Contact affected parents/ guardians regarding the bus accident.
2. Inform parents/ guardians when and where to pick up the children.

Center Receptionist and Parent Liaison

1. Assist with Assistant Director to contact all affected parents/ guardians.

Licensed Specialist in School Psychology (LSSP)

1. Contact Behavior Specialists to provide support to the emotionally vulnerable children who are sent back to the Centers.

Mechanical Failure:

If, for any reason, the bus suffers a mechanical failure, staff will:

Bus Driver

1. Call 911.
2. Contact Administration on Duty.
3. Contact Star Shuttle.
4. Secure all passengers and remain on the bus until another bus arrives.
5. Secure the bus and display warning signs.
6. Evacuate the passengers if needed.
7. Account for all passengers.

Center

1. If emergency call is received, record all accident information.
2. Keep open communication with the driver.
3. Dispatch additional staff to the scene if needed.
4. If the mechanical failure occurs on the route from Pre-K 4 SA Center to the depot at the end of the day, Center should contact parents/ guardians to inform of the delay.
5. If the mechanical failure occurs on the route to one of Pre-K 4 SA Centers in the morning, Center should inform the affected classroom teachers and inform the parents/ guardians regarding the incident.

Personal Vehicles

Pre-K 4 SA staff is not permitted to transport children in personal vehicles, unless authorized to do so in writing by the Center Director and the parent/guardian. Pre-K 4 SA staff is never permitted to transport a child without another adult in the vehicle.

Pre-K 4 SA Curriculum and Instruction

Each decision about the curriculum and instructional practice is made in light of what is developmentally and individually appropriate for the particular children being served. Pre-K 4 SA is committed to developing children's lifelong skills, including problem solving, critical thinking, interpersonal, and communication skills that are fundamental for successful living in our rapidly changing society.

Pre-K 4 SA promotes positive relationships among all children and adults. We encourage each child's sense of individual worth and belonging as part of a community and we foster each child's ability to contribute as a responsible community member. Pre-K 4 SA responds to the different learning and developmental needs of young children through the HighScope approach. The following principles, which are based on classroom experience and extensive research into how young children learn, are fundamental to the Pre-K 4 SA approach to teaching and learning and all instructional staff is expected to adhere to these principles.

Integrated Curriculum

The curriculum is presented in an integrated format, recognizing that content areas of instruction are naturally interrelated as they are in real life experiences. All content addresses the Texas Prekindergarten Guidelines. The HighScope approach supports active learning and builds on children's interests. Instructional activities are planned by selecting appropriate, developmentally sequenced material and by encouraging children to adopt an active problem-solving approach to learning. HighScope encourages child initiative by providing children with materials, equipment, and time to pursue activities they choose. At the same time, it provides teachers with a framework for guiding children's independent activities toward sequenced learning goals. In the resulting integrated curriculum, learning is regarded as a process rather than a collection of facts taught in isolation.

Learning Environment

Pre-K 4 SA learning environments provide a warm and welcoming atmosphere. In alignment with the HighScope approach, learning environments are intentionally arranged to support the developmental needs of the children while reflecting the diversity of the children's home lives, languages, and cultures. Teachers select materials that are meaningful and interesting to children and authentically reflect the children's experiences. Families are invited to contribute to the learning environment by sharing items found in the children's home.

The learning environment is set up to encourage and support all levels of play with sufficient materials for all children to use. Interest areas are arranged in such a way that children are able to see materials through all areas. Children are encouraged to use materials in ways that are meaningful to them, including taking materials from one area to another. Children are taught to find, use, and return materials independently (High/Scope Program Quality Assessment: PQA - Preschool Version: Assessment Form. High/Scope Press, 2003).

Active Learning

Children are engaged in active, rather than passive, learning activities. Active learning takes place as children touch and manipulate things. As they develop, they move from concrete activities and materials to those that are representational, and then from the representational to the symbolic. Spontaneous play, either alone or with other children, is a natural way for young children to learn to interact with one another and to understand their environment; play is respected as an appropriate way of learning.

"The ingredients of active learning guide every experience and activity adults and children engage in during their time together. Teachers use the ingredients of active learning as a guide to observing children, planning for children's experiences and interacting with children in any curriculum area." (Hohmann, Mary, et al. *Educating Young Children: Active Learning Practices for Preschool and Child Care Programs*. High Scope Press, 2008.)

The Five Ingredients of Active Learning

Materials	There are abundant, age-appropriate materials that the child can use in a variety of ways. Learning grows out of the child's direct actions on the materials.
Manipulation	The child has opportunities to explore, manipulate, combine, and transform the materials chosen.
Choice	The child chooses what to do. Since learning results from the child's attempts to pursue personal interests and goals, the opportunity to choose activities and materials is essential.
Child	The child describes what he or she is doing. Through language, the child reflects on his or her actions, integrates new experiences into an existing knowledge base, and seeks the cooperation of others in his or her activities.
Adult Support	Adults recognize and encourage the child's reasoning, problem solving and creativity.

Teachers use a variety of evidenced-based strategies to facilitate active learning in young children such as:

- Organize the learning environment as outlined in the Learning Environment Checklist.
- Establish routines and procedures and consistently implement all components of the Daily Routine.
- Create a supportive climate for learning where adults and children share control of the learning process.
- Balance the freedom children need to explore with the limits children need to feel secure.

- Demonstrate supportive adult-child interactions by:
 - Sharing Control between teachers and children;
 - Participating as partners in play on the children's terms;
 - Taking cues from children and take on the roles children assign;
 - Demonstrating genuine interests in what captures the children's imagination; and
 - Showing appreciation for children's creative ideas and work.
- Learn from children.
- Plan ways and times for children to lead or share control, such as asking children to choose a way to transition or a song to move to during Large Group.
- Focus on children's strengths.
- Observe children and pay close attention to their interests.
- View situations from the children's perspective.
- Plan around children's strengths and interests.
- Establish authentic relationships with children by:
 - Sharing your own interests with them;
 - Being present and giving full attention to what children are doing and saying;
 - Providing children with specific and detailed feedback about their work and ideas;
 - Asking questions sparingly and deliberately;
 - Asking open ended questions; and
 - Thoughtfully answering children's questions.
- Support children's play by:
 - Observing and understanding the different levels of complexity of children's play; and
 - Actively engaging in play with children.
- Provide encouragement instead of praise.
- Acknowledge children's efforts/accomplishments.
- Encourage children to describe their ideas and work.
- Restate children's words.
- Teach children the six steps of conflict resolution and support children in using them during conflicts.
- Encourages children's intentional actions, problem solving, and verbal reflection.
- Form partnerships with children by:
 - Getting on children's physical level;
 - Following children's ideas and interests; and
 - Conversing in a give-and-take style.
- Seek out children's intentions by:
 - Acknowledging children's choices and actions;
 - Using materials in the same way children are using them;
 - Watching what children do with materials; and
 - Asking children about their intentions.

- Encourage children's thinking by:
 - Listening to children as they work and play;
 - Conversing with children about what they are doing and thinking;
 - Focus on children's actions;
 - Make comments that repeat, amplify, and build on what the child says;
 - Pause frequently to give children time to think and gather their thoughts into word; and
 - Accept children's answers and explanations even when they are "wrong."
- Encourage children to do things for themselves by:
 - Waiting patiently while children take care of things independently;
 - Demonstrating understanding of children's mishaps;
 - Referring children to one another for ideas, assistance, and conversation; and
 - Encourage children to ask and answer their own questions.

(Educating Young Children, HighScope Press, 1995)

Daily Routine

Each individual classroom, as well as the remote learning setting, has a daily routine that aligns with the HighScope approach and takes into account the needs and development of the children enrolled in the class. The daily routine includes a balance on indoor and outdoor, quiet and active, and small group, large group and independent activities. The teacher actively supports the children as they make choices about their activities. Parents participating in remote learning are supported by the teacher, so they in turn know how to support their child. This experience gives children consistent and structured opportunities to express their ideas to adults and to see themselves as individuals who can make and act on decisions. (Essentials of Active Learning in Preschool, HighScope Press, 2014)

Instructional staffs adhere to the daily routine. A written copy of the Daily Routine is posted in the classroom and on the Parent Board. Teachers supply parents participating in remote learning with a daily routine and schedule to support the family's home situation.

The components of the daily routine include:

- Greeting Time/Message Board (10 min)
Children and instructional staff share important information about the day ahead, such as new materials for outside time and the art area.
- Family Style Breakfast (20-30 min)
The instructional staff and children sit together to share a meal and have authentic conversations in a give and take style.
- Outdoor Learning (60 min)
The children enjoy physical, noisy, and vigorous play outdoors. The instructional staff participates with children in their outdoor activities.

- Small Group Time (20 min)
The same small groups of children meet each day with the same instructional staff. The instructional staff introduces the activity, children work with their own set of materials in ways they determine themselves.
- Planning Time (10-15 min)
The instructional staff provides an opportunity for children to express their intentions about the materials, actions, people, and ideas they want to include in their work-time activities.
- Work Time (45-60 min)
The children carry out their plans with interest and a sense of purpose. The instructional staff observes, learns from, and supports children's play. The instructional staff participates as partners in play.
- Clean-up Time (10 min)
The instructional staff and children work together to clean-up after work time.
- Recall Time (10 min)
The instructional staff encourages children to reflect on their actions and what they have learned throughout the day.
- Large Group Time (10-15 min)
The children and instructional staff participate in a planned Large Group activity together.
- Family Style Lunch (30 min)
The instructional staff and children sit together to share a meal and have authentic conversations in a give and take manner.
- Tooth brushing (10 min)
The children brush their teeth once a day.
- Rest Time (1 hour 10 min)
The children have the opportunity to rest, sleep, or choose a quiet activity.
- Family Style Snack (15 min)
The instructional staff and children sit together to share a snack and have authentic conversations in a give and take manner.
- Story Time (20 min. Second SGT)
The same small groups of children meet each day with the same instructional staff. The instructional staff plans for and reads a story aloud to the group while encouraging conversations and interactions from the children, making real life connections and introducing new vocabulary and concepts.

(Essentials of Active Learning in Preschool, HighScope Press, 2014)

Please note: During COVID-19 restrictions, individual meals will be served to each child. Additionally, the practice of tooth brushing will be suspended until further notice.

Transitions

Transitions at school occur at the beginning and end of the day and between instructional blocks throughout the day. Transitions are an instructional activity and part of the daily routine. To ensure smooth transitions, teachers purposefully plan, teach, and consistently use transition activities that help children anticipate and get ready for the next segment of the day. Whenever possible, teachers should allow children choices about how to make the transition. Children are actively engaged during transitions. As transitions occur through the hallways, children and teachers are expected to sing or chant as they move from one place to another.

Transitions in the home (remote learning) will occur when the families are moving from one activity to another and there is a need to prepare the next activity. It is important to ensure smooth transitions and plan for them so that children are able to anticipate and get ready for the next segment of the day. Teachers will support parents that are participating in remote learning with transitional ideas.

To ensure that transitions go as smooth as possible, and to also make them positive learning experiences, instructional staff use the following strategies:

- Adjust transitions times to suit children's development needs
- Plan for transitions with individual children in mind
- Plan for cleanup time, the longest transition

Remote Learning Option

Families enrolled at Pre-K 4 SA for 2020-2021 will have the option to choose either in-person instruction or remote. The Pre-K 4 SA Remote Learning experience keeps the focus on high-quality early learning while delivering instruction from a distance. Our approach includes:

- Instructional Approach
 - Developmentally Appropriate Practice
 - Learning through play
 - Social Emotional Learning as a focus and embedded in all lessons
 - Consistent daily routine to support young children's need for predictability
 - Small group and individual instruction for all children
 - Virtual class meetings to develop a sense of community
 - Daily progress monitoring

- Instructional Staff
 - Teacher
 - Assistant Teacher
 - Dedicated support from an adult in the home
 - Support from Behavior Specialist and Instructional Specialist
- Home-School Connection
 - Teachers working remotely to show what instruction looks like at home
 - Socially distanced home visits to build teacher-child connection
 - City Explorations that allow social distant gatherings of children and families
 - Virtual Parents as Partners meetings
 - Connection to Parent Liaison
- Technology
 - Technology to support communication, not intended to deliver instruction
 - Platform sharing that allows children and families to contribute to the classroom
 - Ongoing parent trainings on technology use and sharing of curriculum philosophy
 - Device and broadband access provided

Remote Learning Family Agreement

Young children learn best through predictable routines with supportive adults to guide their learning. Pre-K 4 SA is committed to collaborating with families to provide high-quality early learning in the home. In order to support children's learning, families agree to:

- Designate an area in your home to serve as your child's classroom space. This could be the corner of the living room or a space in your child's bedroom.
- Sign on each day to hear or participate in the Daily Video.
- Work with your child to complete daily activities.
- Participate in weekly Zoom meetings (small group/individual).
- Submit requested documentation of your child's progress.
- Participate in weekly phone call from the Teacher or Assistant Teacher.
- Assist in setting up and participating in Home Visits.
- Participate in City Explorations.

- Attend Parent Trainings throughout the school year.
- Notify Teacher/Assistant Teacher about any concerns and/or absences.
- Adhere to requirements for daily participation (in accordance with TEA).
- Commit to remote learning for the 2020-2021 school year. Children do best with familiar people and routines. While it may be possible to change from remote to in-person instruction, changing the instructional approach may delay your child's progress.

Discipline and Guidance Policy

Pre-K 4 SA staff use developmentally appropriate practices to help children understand classroom routines and expectations. Staff positively guides children's behavior and support children in developing self-awareness, self-direction, self-regulation, and prosocial behaviors.

Pre-K 4 SA staff use positive methods of guiding children's behavior, including:

1. Using descriptive words to acknowledge appropriate behavior instead of focusing on unacceptable behavior;
2. Reminding a child of behavior expectations by using clear positive statements, visual aids, and modeling;
3. Redirecting behavior using positive statements; and
4. Seeking counseling or other professional support for a child who is facing challenges that are affecting his/her ability to be successful at school.

Harsh, cruel, or unusual treatment of any child is not acceptable and will not be tolerated. The following types of discipline are prohibited at Pre-K 4 SA:

1. Corporal punishment or threats of corporal punishment;
2. Punishment associated with food, naps, or toilet training;
3. Pinching, shaking, or biting a child;
4. Hitting a child with a hand or instrument;
5. Putting anything in or on a child's mouth;
6. Humiliating, ridiculing, rejecting, or yelling at a child;
7. Subjecting a child to harsh, abusive, or profane language;
8. Placing a child in a locked or dark room, bathroom, or closet with the door closed and;
9. Requiring a child to remain silent or inactive, such as time-out.

For children with persistently serious and challenging behavior, teachers, families, and other professionals work as a team to develop and implement an individualized plan that supports the child's inclusion and success. Each Education Center has a behavioral specialist trained in using appropriate deescalating skills and strategies. Each Education Center also has a crisis team to respond when immediate intervention is needed to prevent a child from causing serious injury to him/herself or others. When a child exhibits harmful behavior that may result in serious injury, the crisis team will implement containment strategies as a last resort. If containment is used, the school nurse will evaluate the child and the parents/guardians will be notified immediately

Supporting Challenging Behaviors

Teachers address challenging behaviors by:

- Consistent implementation of the 6 steps of HighScope's conflict resolution;
- Assessing the function of the child's behavior;
- Collaborating with families and behavioral specialist to develop individualized plans to address behavior;
- Individualizing daily schedules to meet children's needs and;
- Using positive behavior support strategies such as, Conscious Discipline's Safe Spot, visual schedules, and intentional room layout

Bilingual & ESL Education

School districts determine qualification for Bilingual and ESL programs. Based on school districts recommendations, Pre-K 4 SA offers Spanish 90%/English 10% Model. The research-based program uses the child's primary language for 90% of instruction as he/she learns the second language (10% English) and achieves academic success. Research indicates that using the child's primary language as the means of academic instruction supports transition into the second language. Concepts and skills transfer from one language to the other. Strong primary language development helps children learn English. Pre-K 4 SA Bilingual teachers hold a special Texas Certification to teach children who are learning English as a second language. Bilingual teachers are able to identify academic strengths and needs and tailor instruction for children in all academic areas in the targeted language. Bilingual teachers know which concepts/skills in Spanish transfer into English easily and which may require more work. Children will learn grade-appropriate knowledge and skills in his or her native language as he/she learns English as a second language. The Pre-K 4 SA ESL program provides intensive instruction in English using second language acquisition strategies to teach English to children who speak other languages other than Spanish. The academic program model teaches the state-required Texas Pre-K Guidelines. Your child will learn grade-appropriate knowledge and skills from trained teachers who know second language acquisition strategies and approaches as he/she learns English as a second language. Each child's English instruction begins upon entry of the ESL Program, thus reading instruction is an immediate focus for the specialized ESL teachers. Teachers target the development of

your child's English oral language, so he/she is able to meet grade-level promotion standards.

Instructional Technology

Pre-K 4 SA follows NAEYC Guidelines for appropriate use of technology with young children. Appropriate technology is available in each classroom. Children are monitored while using technology to ensure appropriate use.

Classrooms are equipped with Smart Boards or Hatch boards, and child iPads. Children may engage with instructional technology and interactive media during Work Time and/or to research concepts of interests while teachers facilitate.

Families participating in year-long remote learning will be provided technology to support their child's learning and computer programs that will allow them to communicate with the teacher and other parents.

For both in-person and remote learning, technology devices are used to enhance communication and support instruction. A device is never used in place of a teacher providing instructional guidance.

Outdoor Learning

Pre-K 4 SA provides outdoor learning for children each day. When weather does not allow outdoor play, administration will determine if children will instead participate in physical activity in the indoor motor labs. DFPS Minimum Standards allow for the adjustment in the length of time required for outside play to accommodate weather, air quality, and seasonal changes.

Outdoor learning will not be taken away from children as a consequence.

For protection against environment health see "Protection against cold, heat, sun injury, and insect-borne diseases" on page 56.

Field Trips

Field trips will be scheduled during the year to supplement areas of study. A permission form signed by the parent or legal guardian must be on file at the center in order for a child to participate in field trips.

Transportation for children to and from the field trip will be by school bus only. Children will not be released to parents at the field trip site. All children must return to the school and be signed out by the parent or legal guardian.

All parents who attend a field trip, must check-in at the school prior to the trip and be approved through the school's RAPTOR system. A volunteer or visitor badge must be worn during the field trip. Parents attending field trips are not permitted to bring other children with them on the field trip. Directors reserve the right to limit the number of parents attending a field trip due to space and safety of field trip destination.

All field trip notifications will be posted throughout the Pre-K 4 SA Center with necessary details of the outing.

Pre-K 4 SA will adhere to the following in order to take children on field trips:

- Children will wear a Pre-K 4 SA T-shirt, which has the school name and phone number.
- Children will be transported in school buses, driven by drivers with a valid license.
- 10:1 child-staff ratios will be maintained while the children are on the field trip. Parents and child may not separate from Pre-K 4 SA staff during school sponsored events.
- Volunteers/parents may accompany the children to the field trip but will not be counted as part of the child-staff ratio.
- Parents who attend field trips may not bring other children as field trips are school sponsored events.

City Explorations

In addition to classroom learning opportunities, each classroom will identify at least one City Exploration throughout the year that reinforces student interest and academic content.

The following expectations will apply to each City Exploration:

- Master teachers will submit request to director for approval prior to inviting families.
- Locations of the City Explorations will be easily accessible to families and require minimal entrance fees to the event/activity.
- Conducted outside of the school day.
- Parents will sign the Pre-K 4 SA parent waiver prior to attending the City Exploration.

- Transportation to and from City Explorations will be the responsibility of the parent.
- City Exploration is not a guided field trip; therefore, parent must remain with their child and are responsible for his/her safety and well-being.
- Master teachers will align student interest generated from City Explorations into the instructional day.
- Master teachers will model appropriate adult-child interactions during City Explorations and will provide home-school activities to extend the learning at home.

Civic Engagement Initiative

One of the primary goals of the Pre-K 4 SA program is to create a strong educated workforce in our city. To reinforce this goal, children, parents, and families are provided many opportunities to become involved as proactive members of our society. Pre-K 4 SA provides children with opportunities to learn about their community and city by actively seeking appropriate community helpers, parents, and volunteers to speak to children about their craft. These volunteer opportunities will align with lessons and literature in the classroom.

Throughout the year, families will be given resources to inform them about the community and information on how to utilize these community resources. Pre-K 4 SA aspires to grow responsible citizens for the ongoing prosperity of our city.

Gracias San Antonio

During the fall semester, children and families will have the opportunity to participate in a program-wide election process to select a reputable non-profit organization that Pre-K 4 SA will support throughout the year. Each class will create an authentic art piece to be displayed in a local art gallery. The community will be invited to enjoy the art and bid on the art items via an on-line auction. All proceeds from the *Gracias San Antonio Art Show* will be donated to the non-profit selected in the fall. Participation in this art show provides children with a concrete experience of how their actions can inspire and help others in our community.

Culturally Responsive Teaching

Pre-K 4 SA recognizes the diversity of the community in which we are located and honors and celebrates the unique cultures of our families and staff. Teaching children acceptance and encouraging them to embrace each other's similarities and differences in a positive manner is an important goal of our centers. We encourage the sharing of cultural practices and traditions by families and staff, as is developmentally appropriate.

Holidays

In keeping with standards of culturally responsive teaching and high-quality early learning, Pre-K 4 SA staff does not initiate the celebration of specific holidays or traditions in the classroom. Instead, Pre-K 4 SA utilizes an inclusive, family-centered approach to help

children understand the concept of traditions. Throughout the school year, the instructional staff invites families into the classroom to share special traditions with the children. Families are encouraged to bring pictures, artifacts, music, etc., of their traditions and celebrations to make the lesson more meaningful to the children. Due to COVID-19, families are invited to share traditions and celebrations through video meetings.

Birthdays

Pre-K 4 SA recognizes that birthdays are a special time for children and families. In lieu of traditional birthday parties, the Master Teacher/Teacher will invite parents and children to complete an “All About Me” project that reflects the unique qualities of each child. The intent of this activity is to create a meaningful memory for the child. Parents will be invited on their child’s birthday to help present the “All About Me” project to the class. Should a parent not be available to attend, the Master Teacher/Teacher will encourage the parent to complete the project and offer options for making the presentation. Due to COVID-19, parents will be invited to participate in presentations virtually using video.

Transition to Kindergarten

Pre-K 4 SA collaborates with partner ISDs during the spring semester to provide families with information regarding Kindergarten in their district, to ensure a smooth transition.

Supervision

Teacher-Child Ratio

Teaching staff-child ratio of 1:10 is maintained during all hours of operation, including indoor time, outdoor time, field trips and extended day.

Primary Caregiving

The center will implement a primary caregiver system in which a primary caregiver is assigned to each child in the center. It is a goal of our program to promote continuity of care and whenever possible children will remain with the same primary caregiver. The primary caregiver plays the role of caregiver, teacher, communicator, observer, and evaluator of the child's experiences.

Classroom Transitions

Continuity of care is important to the mission of Pre-K 4 SA. It is our goal to maintain continuity of care as the children transition throughout the center. Children who are enrolled in the Extended Day program transition to other classrooms at the end of the school day. In our efforts to support continuity of care, children may transition in small groups or as a whole class. In addition, one or more of their caregivers may transition with them.

Rest/Nap Time

Purpose is to provide proper rest time environment and requirements to ensure the health and safety practices of the children in care. Nap time is a rest time for all children, even those who cannot sleep.

Procedures:

- A supervised rest/nap time will be provided for all children.
- The rest/nap time will not exceed one hour and fifteen minutes.
- Children are to be on their own mat.
- Children are not required to sleep; therefore, an alternate quiet activity for those children will be allowed. However, children who are doing a quiet activity are to do that activity independently on their own mat.
- Following the lunchtime meal, staff will develop a system for restroom use so that a few children at a time go to the restroom, wash hands, and prepare for rest/nap time.
- Staff will plan a quiet activity and set up mats as follows:
 - Mats are arranged so that each child and caregiver have access to a walkway without having to walk on or over the mats of other children;

- Mats are arranged so that caregivers can easily see all the children in the group. Children should sleep head-to-foot with the children next to them.
- The classroom must have dim lighting (not complete darkness) and hallway blinds must remain open.
- Staff will refrain from eating/drinking in the classroom during this time.
- Pillows are not allowed on mats while children are resting.
- Staff will monitor and ensure that children do not cover their heads with blankets or any other objects.
- Children will keep their shoes on during rest/nap time in case an emergency arises which requires evacuation.

Toileting

Pre-K 4 SA staff will monitor/supervise all children during restroom time.

Toilet training is a process that varies from age to age and ability to ability. Typically, children are toilet trained between the ages of 2 and 3 years old. Therefore, most children entering the Pre-K 4 SA program are able to toilet themselves with minimal supervision, including properly wiping. If the child is not fully toilet trained, a toilet training plan will be developed between parents and the classroom teacher to ensure that the child is on a plan of success. This plan must be consistent and reinforced at home and school.

For toileting accidents or non-toilet-trained children:

- Staff will immediately assist a child by providing the child with a change of clothes, wipes and verbal support to “talk” the child through the process of changing clothes.
- Staff will wear gloves during this process. Staff will talk to the child while he/she is changing to help him/her feel safe.
- Staff will place soiled clothing in a plastic bag or place it in an area outside of children’s reach.
- Staff and child must wash hands following all toileting activities.
- If a child needs additional assistance, such as bathing, the parent may be called to assist the child.

Assessment of Child Progress

Progress Monitoring

Children are authentically assessed daily through observations and anecdotal note taking. Pre-K 4 SA staff are trained in using Teaching Strategies GOLD Assessment to document progress and development. GOLD obtains information on all areas of children's development and learning, including cognitive skills, language, social-emotional development, approaches to learning, health, and physical development. This assessment tool is recognized by the State of Texas and nationally as a best practice to assess young children. Checkpoints are done three times a year, and progress is reported to parents at the beginning, middle and end of the school year. During the first Parent-Teacher Conference, parents will be introduced to the Gold Assessment and will collaborate with teachers to create student goals for the school year. Goals will be reviewed and updated during fall and spring parent-teacher conferences. All assessment information is kept confidential and shared with legal guardian(s). At the end of each GOLD checkpoint window, instructional staff meets to analyze trends, patterns and areas of need, and children's interests to make instructional decisions. Teaching teams will design goals for individual children as well as plan and monitor progress.

Review of Progress

At the beginning and middle of the year, teachers collaborate with administrators and other professionals (possibly including: therapists, parent liaison, specialists, social worker, nurse, etc.) to discuss the needs of children and to plan accordingly.

Parent/Teacher Conferences

All parents are requested to share in their child's education and progress, including interests, approaches to learning, and developmental needs, by participating in two regularly scheduled conferences which take place during the fall and spring. During conferences, Pre-K 4 SA staff will inform parents about the assessment process, purpose, and results. Parents may contact the child's teacher to schedule additional conferences at any point during the school year.

Please note: In order to properly supervise children, teachers are not allowed to engage in parent conferences at the door of the classroom or during the instructional day.

External Program Evaluation

Pre-K 4 SA conducts a yearly outside evaluation in order to track progress on the long-term outcomes for students that include: long-term social success, long-term academic success, positive progression in school, and reduced special education placements. Each year the assessment is conducted by an established local research firm in conjunction with National Institute for Early Education Research (NIEER) and Rutgers University in New Jersey.

Outside evaluators analyze Pre-K 4 SA student data using the following authentic assessment tools:

- Classroom Assessment Scoring System (CLASS)
- Teaching Strategies Gold

The yearly program evaluations also included:

- Student Attendance Data
- Parent Participation in Center Activities

Data collected from this yearly evaluation assists Pre-K 4 SA administration to plan appropriate professional learning for staff, gather needed materials for students, and align instruction to better prepare our students for school success. The outside program evaluation is presented annually to Pre-K 4 SA staff, Pre-K 4 SA Board of Directors and City Council. In collaboration with the Pre-K 4 SA Board of Directors, administration sets goals for the program based on these yearly evaluations. All outside annual evaluations for the program are posted in full on the Pre-K 4 SA website.

Ongoing Program Evaluation

Pre-K 4 SA administrators continually monitor student progress and high quality of early childhood instruction using the following tools:

- Pre-K 4 SA Program Checklists
- HighScope Preschool Quality Assessment (PQA)
- GOLD Data Meetings after each GOLD Check-point period

Pre-K 4 SA staff meets with administrators, instructional specialists, and colleagues to create lessons that meet the needs of their students.

Health and Wellness

Meals and Nutrition

Meals and snacks are part of the instructional program and are a natural opportunity to teach children about the importance of healthy eating, the science of nutrition, and common table manners. The instructional staff provides explicit instruction and guided practice to help children learn to wash their hands before eating, set the table, and to clean up after themselves. The instructional staff will eat the foods the children eat to serve as role models. The instructional staff will model table manners and engage in meaningful child-initiated conversations, to include topics that engage children in collaborative conversation and extend their thinking.

Please note: During COVID-19 restrictions, individual meals will be served to each child. Pre-K 4 SA teaching staff will sit with the children and engage in conversation. However, staff will not eat with the children and will continue to wear a mask and shield during mealtimes.

Remote learning families will be supported with nutritional meals for their child. A distribution/pick up plan will be agreed upon and followed for remote learning families.

Breakfast: 7:45 a.m. – 8:15 a.m.

Lunch: between 11:15 a.m. – 12:00 p.m.

Snack: after 1:15 and during Extended Day

Pre-K 4 SA provides all meals and snacks for students. Pre-K 4 SA consults with a licensed dietician and food service agency to develop menus that support nutritional and instructional goals. A variety of meals and snacks are offered throughout the school year to encourage children to try new foods and to learn about the food cycle. Each fall and spring the children plant and harvest fruits, vegetables, and legumes in the outdoor garden. Students learn to prepare simple recipes from the food grown in the garden. The food service agency also incorporates the types of food grown by the students into the monthly menu to further support children's learning.

Because meals and snacks are an integral part of the instructional program and some children who attend the Center have food allergies, **food from home is not permitted**. For children with dietary restrictions, special meals are available (see below).

The food service agency ensures food safety in its provision and preparation of drinks, meals and snacks. Pre-K 4 SA adheres to Child and Adult Care Food Program (CACFP) regulations and policies on meal requirements, food storage, preparation, service, and sanitation practices. Meals and snacks offered to the children provide a variety of nourishing foods on a frequent basis to meet the nutritional needs of young children.

Hot drinks are not permitted in the building around children, including hallways, as they may result in burns if spilled.

Food is stored, served, and prepared in accordance with the USDA and CACFP guidelines. All meals are prepared offsite and delivered to Pre-K 4 SA.

Clean, sanitary drinking water is made available to children throughout the day. All staff must wash hands and wear gloves when handling food and meal items (milk, trays, napkins, etc).

Menus are posted on the Parent Board outside each classroom. Parents/guardians may obtain a copy of the menus from the Pre-K 4 SA Website at www.prek4sa.com or request a hard copy at the front office.

Special Diets

Pre-K 4 SA offers several specialized meal plans for children with dietary restrictions due to medical conditions or religious practices. Parents/guardians will have the option to select one of the specialized meal plans at the time of enrollment. Any changes to a child's meal plan must be submitted in writing to the Nutrition Services Supervisor at least seven days in advance of the needed change.

Questions about meal plans should be directed to the Nutrition Services Supervisor.

Special Diets Due to Medical Needs

Parents/guardians of children with food allergies or other medical needs should submit the "Special Diet Form" to the Nutrition Services Supervisor. The form requires a physician's signature.

Special diet forms will be reviewed by a registered nutritionist and the school nurse.

- Accommodations will be processed by a nutritionist utilizing federal and state guidelines.
- Pre-K 4 SA will make every attempt to REASONABLY accommodate children who have dietary restrictions that are not life threatening or reported by a physician as a disability.
- *Special Diet Forms* MUST be completed by a licensed physician/medical authority (physician, physician's assistant, or nurse practitioner) and turned into the school nurse.
- Notes, letters, or diet instructions written on prescription pads will NOT be accepted.
- Once a form is received, the school nurse will contact the parent/guardian to confirm receipt. Until receiving confirmation from the school nurse it is the parent's' responsibility to provide the special diet items needed.

With a proper medical release form, the Food Service Nutritionist will contact the medical authority to ask questions or clarify the information on the *Special Diet form*.

If changes/additional restrictions need to be made or if the diet orders need to be discontinued or stopped, a new form must be completed by a licensed physician/medical authority (physician, physician's assistant, or nurse practitioner) and submitted to the school nurse.

Cleaning and Sanitation

Classrooms, restrooms and all other areas will be cleaned and sanitized daily by staff.

Pre-K 4 SA staff will follow the four-step process for sanitizing tables before and after every meal. The four-step process is as follows:

1. Wash with water and soap
2. Rinse with clear water
3. Spray on the disinfecting solution and let sit for two minutes
4. Allow the surface to air dry

All other surfaces will be cleaned and sanitized as needed. Each classroom will have a sanitation schedule posted indicating when classroom materials are cleaned.

Hand Washing Procedures

Pre-K 4 SA promotes effective hygiene, to reduce health risks to children and adults and model health and safety practices that prevent the spread of germs. In order to minimize the spread of germs, all four Education Centers were retrofitted by implementing touchless sinks, toilets, doors, and paper towel dispensers.

Staff, volunteers and children must wash their hands with soap and running water:

- After arriving at the center, prior to commencing any/all classroom activities
- After outdoor activities
- Before/after eating or handling food or medication
- After assisting a student with toileting and/or toileting accident
- After toilet use
- After handling or cleaning bodily fluids such as blood, wiping noses, mouths or other body parts, tending skin abrasions, irritations, etc.
- Before any food-related activity, such as before and after setting the table for meals, nutrition activities, etc.
- After use or handling of any cleaners or toxic chemicals
- After handling or feeding animals
- After playing in water that is shared by two or more people

Additionally, staff must wash their hands:

- Before and after giving medications
- Before and after treating or bandaging a wound
- After assisting a student or adult with a communicable disease

Effective hand washing techniques include:

- Wetting hands with running water that drains appropriately
- Applying soap from a soap dispenser (not bar soap)
- Rubbing hands together, especially between fingers, for at least 20 seconds
- Using a clean nail brush for under fingernails when removing blood and/or other bodily fluids
- Rinsing hands well under running water
- Drying hands thoroughly with paper towel(s)
- Turning off faucet with a paper towel

Face Coverings

As a licensed childcare facility, Pre-K 4 SA adheres to Chapter 746 of the Texas Administrative Code, Minimum Standards for Child-Care Centers (Minimum Standards). Minimum Standards require employees to wear disposable gloves whenever staff are handling food, assisting children with toileting, when handling soiled clothing, or providing first-aid. Face coverings are typically not required in childcare settings. However, an emergency order issued June 25, 2020, requires licensed child care facilities to operate in accordance with *the Guidance for Child Care Programs that Remain Open* released by the Centers of Disease Control (CDC) (<https://www.cdc.gov/coronavirus/2019-ncov/community/schools-childcare/guidance-for-childcare.html>). The CDC currently recommends masks be worn by all individuals, including children over the age of two-years, in childcare and school settings. A mask combined with a face shield is recommended for adults who screen children before entry and adults who interact with multiple groups of children throughout the day.

All Pre-K 4 SA children and adults will wear face coverings at all times inside the building. The type of required face covering varies by position:

- At entry into building (children and adults): face mask
- Inside the classroom (children): face shield
- Inside the classroom (teachers): face mask and face shield
- In outdoor learning environments: (children): face mask
- In outdoor learning environments: (teachers): face mask
- Teacher Aides, Transportation Staff, Substitutes: face mask **and** face shield
- Outdoor Learning staff: face shield

- Directors: Cloth face mask or shield in office area; Both in classroom areas
- Corporate staff: Cloth face mask or shield in office area; Both in classroom areas
- PLI: Cloth face mask or shield in office area; Both in classroom areas
- Operations: Cloth face mask or shield in office area; Both in classroom areas

Face shields will be cleaned and sanitized daily and remain in the classroom. Staff will also clean and sanitize a face shield that gets soiled during the day, such as when a child sneezes on the face shield. The use of face coverings will be used in conjunction with 6-feet of social distancing outside of the classroom.

Tooth Brushing

Pre-K 4 SA recognizes the importance of using best oral health practices at an early age. As a result, students are provided with an opportunity for tooth brushing and gum cleaning to remove food and plaque. Brushing will occur immediately after one of the two meals offered during the instructional day. Toothpaste is not used, as it is not a requirement of DFPS Licensing or NAEYC for this age group.

Pre-K 4 SA Staff will adhere to the following procedures during tooth brushing:

- Model appropriate tooth brushing techniques.
- Actively monitor and supervise the children brushing their teeth, to ensure that contamination does not occur.
- Label the toothbrush with the child's full name.
- Store the brushes out of children's reach.
- Thoroughly rinse the toothbrushes after the students have brushed their teeth.
- Clean and store the brushes in a manner where they do not touch one another.

Pre-K 4 SA adheres to the following American Dental Association recommendations regarding replacement of toothbrushes:

- Every 3–4 months; or
- When the bristles become frayed with use; or
- Upon the return of a child who has been out ill for a period of time; or
- If it is dropped on the floor or comes in contact with other surfaces.

Due to COVID-19 sanitation requirements, the practice of tooth brushing will be suspended until further notice.

Registered Nurse

Each Pre-K 4 SA Center has a full-time Registered Nurse on site. The RN complies with all local, state and federal requirements for children in preschool. In addition, all instructional staff members are CPR and First Aid trained. (Texas Health and Human Services <https://www.dshs.texas.gov/schoolhealth/schnurs.shtm>)

Daily Health Checks

On a daily basis, teachers briefly observe each child as they greet and dismiss them noting anything unusual in their appearance or behavior. If the concern continues, the teacher may escort the child to the clinic for the nurse to check. If there is a concern, the Nurse or teacher may call the parent to discuss the observations.

Illness, Accidents and Communicable Disease

COVID-19 Daily Screenings

Children and staff will be screened for COVID-19 symptoms every day at arrival. Children will be screened at the bus depot before boarding the bus, or at the designated drop-off point outside of the Education Center. Children's temperatures will be scanned by Pre-K 4 SA staff during the drop off screening process. All Pre-K 4 SA staff who will be in the building will be screened upon arrival before beginning work. All staff members must scan their temperature using the temporal scanning kiosk upon entering the building. Children and staff will not be allowed to stay if they have any of the following symptoms or criteria.

- Cough
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chill
- Muscle pain
- Headache
- Sore throat
- Loss of taste or smell
- Diarrhea
- Fever 99.6 degrees or higher
- In the previous 14 days has had contact with someone with a confirmed diagnosis of COVID-19; is under investigation for COVID-19; or is ill with respiratory illness
- In the previous 14 days has travelled to an area with widespread, sustained community transmission.

COVID-19 Protocols for Exposure and Positive Test Results

If children or instructional staff are exposed to a known positive case of COVID-19 or live with individuals that have been exposed or are experiencing symptoms of COVID-19, the child or teacher should remain at home. The parent/guardian of a child who has been exposed to a known positive case of COVID-19 should notify the teacher. The teacher will immediately report this information to the Center Director. A staff member who has been exposed to a known-positive case must immediately notify the HR department and the Center Director. A child or staff member must remain out of the center if any member of the household has (or has been in close contact with anyone who has) a suspected or confirmed case of COVID-19 (for example – close contact at school, work, religious service, social gathering) 14 days after the last potential exposure, the child may return provided these three things have happened:

- a) At least 10 days have passed since any household member first experienced symptoms; and
- b) Symptoms have improved for any household member that experienced symptoms (for example, cough or shortness of breath has improved); and
- c) The household has been fever-free for at least 72 hours without the use of fever-reducing medicines.

Staff members must be cleared through HR and must notify their supervisor before returning to work.

If a child or teacher has a confirmed case of COVID-19 in their home:

- Written notification will be provided within 24 hours to the parents of all children in the Pod;
- The Pod will switch to remote instruction for up to 5 days;
- The Pod rooms will be deep cleaned in accordance with CDC guidelines; and
- Any additional illness within the pod should be tested immediately.

If a child or teacher tests positive for COVID-19:

- Written notification will be provided within 24 hours to the parents of all children at the center;
- The Education Center will switch to remote instruction for up to 5 days;
- The Education Center will be deep cleaned in accordance with CDC guidelines; and
- The impacted Pod will remain in quarantine on remote instruction until health officials advise it is safe for children to return.

Teachers that have been exposed to a known positive and are providing remote instruction will be allowed to continue remote teaching during their quarantine period if they feel well enough to do so.

Other Child Illnesses

Pre-K 4 SA has established illness and exclusion criteria in accordance with the Texas Department of Family and Protective Services Minimum Standards for Licensed Child Care Pre-K 4 SA (Communicable Disease Chart). Pre-K 4 SA will not admit or allow a child to remain in school, if one or more of the following exists:

- The illness prevents the student from participating comfortably in the Pre-K 4 SA activities, including outdoor play;
- The illness results in a greater need for care than Pre-K 4 SA staff can provide without compromising the health, safety, and supervision of other children in care;
- The student has one of the following:
 - High fever accompanied by behavior changes or other symptoms of illness and other symptoms; Oral fever of 100.4 or higher, without fever reducing medications (Tylenol, Ibuprofen, etc.)
 - Signs of possible severe illness such as lethargy, abnormal breathing, uncontrolled diarrhea, two or more vomiting episodes in 24-hours, rash with fever, mouth sores with drooling, behavior changes, or other signs that the student may be severely ill; or
- A health care professional has diagnosed the student with a communicable disease, and the student does not have medical documentation to indicate that the student is no longer contagious.
- Pre-K 4 SA should be notified by the designated person if the student has received medical attention or has been hospitalized while enrolled. A doctor's release must be provided by the attending physician.
- The child has been diagnosed with a communicable disease, until medical evaluation determines that the child is no longer contagious and is able to participate in Pre-K 4 SA activities.

Should a child become ill while at school, the child will wait in the clinic, away from other children and the parent will be notified via emergency telephone numbers and informed of the student's condition. The parent or a designated adult is expected to pick the child up within one hour of being contacted. If the child is not picked up in a timely fashion and left ill at the center, the Pre-K 4 SA staff reserves the right and is required, under law, to make a report with Child Protective Services.

When a child is sent home from school for an illness, prior to attendance being taken, the child will receive an excused absence.

An ill child must be out for 24 hours or until symptoms are gone and/or a doctor clears the child for admittance to school.

Any time a child has an accident resulting in an injury at a Pre-K 4 SA Center, the child will be given First Aid or CPR, as deemed necessary, and every effort will be made to contact the parent at the time of the accident.

Accidents will be recorded on the Pre-K 4 SA Accident/Illness Report. A copy of the referral is given to the parent on the day of the accident. The report form is completed on all accidents, no matter the severity.

If critical illness or injury requires immediate attention of a physician, the Pre-K 4 SA Staff will:

- Contact EMS to take the child to the nearest emergency room
- Give the child first-aid treatment or CPR when needed
- Contact the child's parent

If a child must be transported to the nearest hospital and a parent is not present, a Pre-K 4 SA administrator will accompany the child in the ambulance and remain with the child until the parent arrives at the hospital.

Accident/Incident & Illness Reporting

The health and safety of children is paramount. In the event of an accident, these steps will be taken:

- The child will be escorted to the clinic by an available staff member, while maintaining required ratio. In the event of an emergency, staff member will contact the office and request the nurse.
- The nurse will evaluate the child for visible injuries and determine the possibility of non-visible injuries.
- The nurse will report all serious injuries and possible communicable diseases to the Pre-K 4 SA Director or Assistant Director.
- The nurse will complete the Pre-K 4 SA Accident/Illness Report for all injuries and provide a copy for the parents on the day of the incident. The copy will be signed and dated by the nurse or Pre-K 4 SA Director/Assistant Director and parent. The nurse will contact parents about any injury and document communication on the Pre-K 4 SA Accident/Illness Report.

Incident/accident reports will be presented to families by a staff member, Pre-K 4 SA Director or Assistant Director, when possible. The Pre-K 4 SA Accident/Illness Report will not be placed in cubbies for families. When completing the reports or in conversation with family members, staff members will not use names of other children involved. All information is confidential. It is critical that parent keeps all emergency contact information, including phone numbers, up to date.

Communicable Diseases

Should a child be exposed to a serious communicable disease, such as Chicken Pox, Tuberculosis or Hepatitis, parents are required to notify the Pre-K 4 SA Center staff of the exposure, so that appropriate precautions can be taken to prevent the spread of the illness. A child who contracts a contagious illness will be temporarily excluded from program participation for a period of time corresponding to the duration of the communicability of the disease as established by the Texas Administrative Code. Upon return, the child must report to the campus nurse for readmission. Readmission will be given with a doctor's release; health authority permit; or exclusion for the period of time corresponding to the illness. Please refer to the [Communicable Disease Chart and Notes for Schools and Childcare Centers](#) issued by Texas Department of State Health Services.

All parents/guardian will be notified, in writing, within 48 hours of the Pre-K 4 SA Staff becoming aware that a child or staff member has contracted a communicable disease deemed notifiable by the Texas Department of State Health Services.

Lice

Pre-K 4 SA will provide written notice to all parents within 48 hours of becoming aware of an outbreak of lice or other infestation at the center. Sweeping lice head checks for an entire class are not permitted. Pre-K 4 SA follows the Texas Department of State Health Services Recommendations for Lice.

Immunizations & Tuberculosis Screening

Children: Children are required to have their 4-year-old immunization:

DtaP	Polio	HepB	Hib	PCV	MMR	Varicella	HepA
4 Doses	3 Doses	3 Doses	3 Doses	4 Doses	1 Dose*	1 Dose*	2 Doses

* Prior to entering kindergarten, your child will need a second dose of MMR and Varicella.

- Exemption to Immunizations Requirements –Texas Administrative Code (TAC) allows exemptions on an individual basis for medical contraindications, reasons of conscience, including religious belief, and active duty with the Armed Forces of the United States. A request must be made through the Department of State Health Services. An original Affidavit of Exemption from Immunizations for Reasons of Conscience must be presented to the center nurse and kept on file until the end of the school year, when it is returned to the parent. The form can be found at <https://corequest.dshs.texas.gov/>. If there is an outbreak of a vaccine preventable disease in the center, the child will be excluded from school until there is no longer a risk of contagion.
- When a child is overdue for any routine health services, screenings, or immunizations, parent/legal guardian are required to provide evidence of an appointment for those services before the child's entry to the program as a condition for remaining enrolled in the program.

As per the City of San Antonio's Metro Health, Pre-K 4 SA children are not required to obtain a TB screening.

Staff Immunization

Pre-K 4 SA encourages, but does not require, all employees to obtain the influenza vaccine once a year. The City of San Antonio provides the vaccine at no cost to the employee.

Due to the age of Pre-K 4 SA children and the duties assigned to staff, employees are not required additional immunizations. All employees meet the expectations of proper hand washing and are excluded from direct care when they have signs of contagious illness.

Administration of Medication

Pre-K 4 SA staff administer both prescription and over-the counter medications to a child only if the child's record documents that the parent or legal guardian **and a licensed health provider** has given the program written permission. The child's record must include instructions from the licensed health provider who has prescribed or recommended medication for that child. Alternatively, the licensed health provider's office may give instructions by telephone to the center staff.

A record is kept on all medications given to children and signed by the Pre-K 4 SA center nurse administering the medication(s). All medications must be in the original container and properly identified with the student's name, date, direction to administer, and name of the prescribing physician.

All medication administered at a Pre-K 4 SA center, will be given by a designated Pre-K 4 SA nurse or other trained professional.

The training must include the following practices of administration of medication:

(1) Verify that the right child receives the (2) right medication (3) in the right dose (4) at the right time (5) by the right method with documentation of each right each time the medication is given.

The following guidelines will be used to administer medication:

- a. Parent will hand deliver all medication to the Pre-K 4 SA center nurse in a pharmaceutical, properly labeled container with the original prescription label. For OTC medications, the label must have the child's first and last names.
- b. Parent will complete "Medication Requirement Form," which may be obtained from the school nurse. The form must be completed in its entirety and signed before medication will be administered.
- c. The school nurse will store all medications, according to label instructions, in a designated, secure location in the nurse's clinic. Medication requiring refrigeration will be stored in a secure, designated refrigerator in the nurse's clinic. The school nurse ensures that medications are secure at all times.
- d. The school nurse will administer medication as noted on prescription label and document that medication was given on the *Clinic Daily Log*. The school nurse or trained individual will also document the dispensing of medication on the individual child's *Daily Medication Log*.
- e. Any changes in the child's behavior or adverse drug reactions will be recorded and discussed with the parent.
- f. For medication designated "as needed", the same procedures will apply. Medication designated "as needed" will be administered as directed on the medication label and "Medication Requirement Form". "As needed" medication will be returned to the parent upon expiration or at the end of the school year, whichever comes first.
- g. The school nurse will return all unused medication at the time of expiration or at the end of the prescribed time period. Parent will sign for returned medication on the nurse's "Returning Medication Log Sheet"

Under no circumstances will children be allowed to carry medications in their backpack (inhalers, cough drops, over-the-counter and all other medications).

Please note: Parent authorization is not required if Pre-K 4 SA staff administers a medication to a child in a medical emergency to prevent the death or serious bodily injury of the child, provided that Pre-K 4 SA staff administers the medication as prescribed, directed, or intended.

Special Health Plans

Parents of children with special medical needs such as allergies or chronic illness (e.g. asthma, hearing or vision impairment, feeding needs, neuromuscular condition, urinary, seizures diabetes,) must obtain medical orders to ensure that the appropriate plan will be followed at school. Parents of children with asthma, who require a nebulizer, must supply the medication, tubing, and mask to the nurse. The school has a nebulizer.

Protection against cold, heat, sun injury, and insect-borne diseases

Pre-K 4 SA provides children the opportunity to play in the shade. Parents are encouraged to dress their child in sun-protective clothing in warm weather and layered clothing for warmth in cold weather. During peak seasons parents are encouraged to apply sunscreen and/or insect repellant at home. If parent wishes that either of these be applied at school, instead of at home, parent must complete *Pre-K 4 SA Sunscreen and Insect Repellant Form* and supply the product, labeled with the child's name. As recommended by public health authorities, insect repellant should only be applied once daily; therefore, it should not be applied at home and then again at school. All sunscreen and insect repellant will be kept out of reach of children.

Water Play and Activities

Children will not participate in swimming or wading pool activities while in attendance at Pre-K 4 SA during the school day, including field trips and Extended Day.

Children will have opportunities, throughout the year, to explore with sensory materials in sand and water tables, both indoors and outdoors. When water is used, precautions are taken to ensure that communal water play does not spread infectious diseases. Children are prohibited from drinking the water. Children with sores on their hands are not permitted to participate in communal water play. Fresh potable water is used, and the water is changed before a new class of children participates in the water play activity.

Family Engagement

Pre-K 4 SA believes in the importance of supporting families in order to help children have a successful learning foundation in our program. The Pre-K 4 SA Family Engagement Team consists of an Assistant Director, a Family Program Development Coordinator, a Family Specialist and four Parent Liaisons who work with families to support families in being the most important teachers and advocates for their children. The Family Engagement Team offers the following types of family support services:

- a. Support to help families with accessing education services
- b. Support with student attendance
- c. Workshops on talking with your child's teacher
- d. School leadership and volunteer opportunities

- e. Adult education classes
- f. Family engagement activities
- g. Computer access
- h. Referrals to community agencies for assistance in a wide range of services
- i. Support with transition to kindergarten by providing general information on enrollment procedures and practices and facilitating visiting opportunities to partnering schools

Due to COVID-19, Texas Childcare Licensing prohibits visitors in childcare centers. For this reason, Family engagement activities will take place using video technology and socially distanced outdoor events.

The Parent Café

Each Center has a Parent Café, which is a designated space for families. The Parent Café is designed to be welcoming environments equipped with computers with internet access, toys and games for children, and a variety of information on community resources. The Family Engagement Team works out of the Parent Cafés and are available on a walk-in or appointment basis. Due to COVID-19, the Parent Café may be accessed on a limited basis and by appointment only.

Parent Communication

Pre-K 4 SA understands and values the important role families play in the education of young children. Pre-K 4 SA is committed to supporting families as the first and most important teachers and advocates for children. Pre-K 4 SA strives to develop authentic and meaningful relationships with families. Pre-K 4 SA invites families to share ideas, questions, and concerns with us.

Pre-K 4 SA shares information with families using a variety of approaches. All communication is provided in English and Spanish.

- a. Classroom Newsletter
- b. Monthly Event Calendar
- c. Parent notices (field trips, classes, trainings, clinics, etc.)
- d. Flyers/brochures
- e. Child/Parent Handbook
- f. Email, Remind 101, Etc.
- g. Surveys

Pre-K 4 SA centers have a designated family information display in the Parent Café with up-to-date program information, parent training schedule, field trip notices and other pertinent information including community resource organizations such as health, mental health, assessment and educational services. Translation services can be utilized as needed.

Parent and teacher conferences will be offered at least twice throughout the year. Conferences are an opportunity to talk individually with family members about their child's growth, development, and accomplishments. If staff suspects that a child has a developmental delay or other special need, this possibility will be communicated to families in a sensitive, supportive, and confidential manner and documentation will be provided through the RTI process (see Curriculum section for more information on RTI.) Staff will use information gathered from families to adapt program environment, curriculum, and teaching methods. Teachers are required to make contact with 100% of their families during these conferences. Administration will help contact hard to reach parents/guardians.

Information about a child is privileged and will only be shared with the parents/guardians who are legally responsible for the child, unless parent/guardian has otherwise provided written request.

Annual NAEYC Family Survey

Pre-K 4 SA families are asked to complete an annual NAEYC survey in order to provide Pre-K 4 SA administrators with feedback on how to best improve the program. All families registered in the program are offered the opportunity to respond confidentially and anonymously to the survey. The survey is administered in English and Spanish. The survey may be conducted on paper or online. For assistance in acquiring a survey please contact a Pre-K 4 SA center.

Messages

Instructional time with children is critical to success. School personnel will not interrupt classes to deliver personal messages. For that reason, parents/guardians must make plans for children before they arrive at school. Last minute phone calls or changes in plans are difficult to deliver and cause confusion for children and staff. In cases of extreme emergency, exceptions may be made based on unique and individual circumstances as approved by the director. Parents/ guardians may leave messages for teachers with the school office. Teachers will return calls within 24 hours.

Nursing Mothers

Pre-K 4 SA respects the right of mothers to nurse a child while at the center. A designated place will be provided.

Parent Concerns

Parents wanting to voice a concern are encouraged to contact the teacher first. If the concern is not resolved, the parent should contact the director or assistant director in order to discuss and resolve the situation in a timely manner. If the concern persists after meeting with the director, the parent may contact the Pre-K 4 SA Chief Executive Officer (CEO), Dr. Sarah Baray, at (210)206-2750. Dr. Baray may also be reached via email at Sarah.Baray@sanantonio.gov.

Parents As Partners

Each Center will designate one day a month (at elected times that are mindful of family schedules and availability) for parents to participate in and interact with one another in a "Parents as Partners" group. This time will allow parents to engage in conversations about upcoming events, philosophy and curriculum objectives, and effective strategies for promoting learning, etc. Parents can work collaboratively to find mutual solutions to common concerns. They will have the opportunity for active discussion in question and answer sessions with administration and can also provide advisory input on curriculum and activities throughout the year. Parents can work together, assume leadership roles, and collaborate and with parent liaisons in the designated Parent Cafe.

Volunteer Information

Pre-K 4 SA offers a variety of culturally diverse activities in which children and families can participate. Pre-K 4 SA welcomes help, support, and assistance from parents. Parents should contact the child's teacher for opportunities to do so. Due to COVID-19, visitors are not permitted in the Education Centers. All volunteer services must be provided virtually.

To ensure the safety of children, parents and other adults who wish to volunteer in the classroom must attend volunteer training and undergo a criminal background check. This process may take up to 2-3 weeks to complete. The criminal background check form can be found in the center main office. We have an open-door policy and parents are welcome to observe in the classroom. We ask that parents allow at least 4 weeks for the child to acclimate to the school setting and routine and the visits are not a disruption to their child and the learning of other children. Teaching and learning occurs throughout the day from the moment the child arrives in the classroom until dismissal; therefore, we ask that parents not engage in conversations with teachers during instructional time.

Safety

Building Security

For the safety of all children and staff, Center doors are locked during the instructional day. Any parent, visitor, or volunteer visiting the Center must present a valid I.D. The I.D. is scanned and a badge with the visitor's picture, date and time of arrival, and Center location is printed. All visitors must wear the badge while at the Center and return it to the front office at the end of the visit.

Due to COVID-19 Pre-K 4 SA is prohibited from allowing visitors into the Center when children are present. Parents may visit by prearranged appointment.

Drills and Emergency Procedures

Children, teachers, and staff participate in regular drills of emergency procedures during the school year (i.e. such as fire drills, lock down, and evacuation). Explicit evacuation instructions are provided to each class for emergency drills. During all drills, staff members have the following information:

- Parent and emergency contact telephone numbers for each child;
- Authorization for emergency care for each child.

Fire Drills – Fire Drills are conducted monthly to ensure safety and familiarize the children and staff with the routine. Fire Evacuation Routes are posted in each room.

Emergency Evacuation– Each Center has a designated safe location to relocate children in the case of an evacuation. Parents will be notified with information as it is made available during an emergency situation.

Lock Down – A “lock down” will be ordered by Administration when a threat to the safety of children and staff exists. The threat could exist within the school itself or in the immediate area of the Center. The lock down will be ordered as a precautionary measure and will continue until the threat no longer exists. Administration will work closely with the San Antonio Police Department when these situations arise. Everything possible will be done to keep children and staff safe.

Protection from Environmental Hazards

Pre-K 4 SA receives health notices from Metro Health advising of potential environmental hazards such as: air quality, high/low temperature alerts, health concerns and addresses steps to protect children and adults accordingly.

Inclement Weather Policy

Pre-K 4 SA's CEO works closely with partnering school districts in making decisions about closing school during inclement weather; therefore, please tune in to local news stations, the Pre-K 4 SA website, or City of San Antonio website for delay-of-start or school closure updates.

Staff needs to watch the news and wait for a message from the director or a designated staff member.

If inclement weather demands schools to close early, staff will call parents to inform them of mid-day closing. In addition, the Extended Day Program will be cancelled, and bus transportation may not be available.

Gun, Drug and Gang-Free Zones

The safety of our children, families and staff is of utmost importance at Pre-K 4 SA. In order to ensure the highest level of safety, Pre-K 4 SA is a weapon-free, drug-free and gang-free facility.

Pre-K 4 SA Centers are a drug-free and gang-free zones, which include school buses and any location within 1,000 feet of any City-owned or leased property or center playground.

Effective January 1, 2016, HB 910 replaced the Concealed Handgun License with a License to Carry Handgun which will allow a license holder to openly carry a handgun in a shoulder or belt holster. However, under state law, buildings where a school or educational institution activity is being conducted will continue to be prohibited areas. Pursuant to this, please note regardless of whether a gun is holstered or carried concealed, it will not be allowed inside a Pre-K 4 SA building. All Pre-K 4 SA centers will remain gun and weapon free.

Physical Spaces Needed for Children

Pre-K 4 SA staff will adhere to the following ratios at all times:

- Each child will have 35 square feet of indoor activity space indoors.
- Each child will have 75 square feet of outdoor activity space for each child.

In keeping with staff responsibility for the on-going supervision of each child, appropriate visual, auditory awareness, and physical proximity will be consistently maintained. Staff will supervise children while they are using the restroom by standing in close proximity. In the event the restroom is not within the classroom area, sufficient staff will be on duty to maintain required child-staff ratio at all times. Staff will accompany the child to and from the restroom, if the restroom is not in the immediate area where the children are located.

Product Safety

Pre-K 4 SA administrators will review the United States Consumer Product Safety Commission (CPSC) recall list at www.cpsc.gov. Pre-K 4 SA staff is committed to ensuring that there are no antique, collectible children's product or a child's product that has been retrofitted to make it safe.

Pre-K 4 SA administration will certify annually in writing that we have reviewed each of the recall notices issued by the CPSC and that there are no unsafe products in the center.

Pre-K 4 SA Center administration will post a notice for parents and employees in the entryway along with all other parent information. This notice will include information on how to access a listing of children's unsafe products through the CPSC Internet website or through the DFPS Internet website www.dfps.state.tx.us.

Smoke-Free Environment

Smoking and the use of tobacco products shall be prohibited in all Pre-K 4 SA education center properties and at all center related events.
